DETAILED ACTION

Reissue Applications

1. The reissue application is not in accordance with 37 CFR 1.173. Specifically, matter added to the patent such as claims 19-31 should be underlined.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 27-31 are rejected under 35 U.S.C. 103(a) as being unpatentable over Henschel. Henschel shows a garment or cap having invisible or transparent pockets P of sheer material 13 for suspending embellishments such as objects 15 comprising for instance toys or pictures (baseball cards). The use of fabric for the portions 7 of cap is old and well known and thus would have been obvious to one of ordinary skill in the art at the time of the invention.

Allowable Subject Matter

4. Claims 1-26 are allowed.

Response to Arguments

5. Applicant's arguments filed June 10, 2003 have been fully considered but they are not persuasive. Contrary to applicant's remarks the limitation of garment is seen to encompass more than just formal gowns and wedding gowns as noted by the rejection above. Instant claims 27-31 are maintained to be broad enough to read on the garment of Henschel.

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
